

THE SECRET OF MYANMAR - Bean of Change

Dear Members and Friends of the Swiss-Asian Chamber of Commerce,

The **Swiss-Asian Chamber of Commerce**, in cooperation with Nat Coffee, is pleased to invite you to a presentation to get firsthand information on issues that are important to Swiss companies planning to start business in Myanmar.

Date: **Thursday, 21 September 2017**
Time: 11:15hrs to 14:15hrs
Venue: Zunfthaus zur Meisen, Münsterhof 20 CH-8001 Zurich

SACC is honored to have **Nathalie Manac'h, CEO and Founder of Nat Coffee** to report us about business opportunities and challenges that Swiss companies may face entering Myanmar.

Hardly any coffee place in the world remains unmapped. So, how could it have happened that Myanmar had disappeared from the World Coffee Atlas? Coffee cultivation has a long tradition in Myanmar: coffee plantations have existed since the 1930s. When the military regime came into power, coffee cultivation turned neglected and the crop more and more forgotten. However, with the opening of the economy in recent years, coffee has returned to Myanmar. Since the establishment of the Myanmar Coffee Association, an association of various stakeholders from the industry in 2014, Myanmar has seen a revival of the coffee industry. A huge 80% of Myanmar coffee is Arabica. Myanmar Arabica coffee is mainly grown in three regions: Shan State, Chin State, and Mandalay. Ywar Ngan (Shan State) is the heart of Myanmar specialty coffee. Currently, only a small portion of Myanmar's coffee output is exported.

Nat Coffee is a Swiss based startup and the first business to bring Myanmar coffee to Switzerland.

We welcome you to this most interesting presentation. Early registration is highly recommended.
