Hotel Morosani Schweizerhof Rest. Damoro, Promenade 50, CH-7270 Davos-Platz

The Swiss-Asian Chamber of Commerce in collaboration with BKPM kindly invite you to a key event on **Indonesia's Untapped Investment Opportunities**.

We are honored to have **H.E. Thomas Trikasih Lembong, the Chairman of Indonesia Investment Coordinating Board** addressing our chamber's guests during the World Economic Forum 2018 in Davos at the Morosani Schweizerhof Hotel.

Most importantly, this is an event where new business and investment opportunities will be identified and deep linkages may be forged with Indonesia.

Indonesia is one of the fastest growing countries in the World and the biggest economy in ASEAN region. The economy grew steadily at around 5 percent p-a since 2014. The economy will be supported by private spending with a real GDP growth averaging 5.1% p.a. in 2018-2022.

The government has worked hard on reforms, including removing fuel subsidies to free up funds to finance building roads, railways and ports. As the result of disciplined fiscal policy in 2017 Indonesia received investment grade rating from Moody's, S&P and Fitch. Ease of Doing Business index has also improved every year. This year Indonesia jumped by 19 places as Indonesia is ranked 72 compared to 91 in 2016.

The momentum to invest into Indonesia is very strong. At this luncheon, you will have the opportunity to learn firsthand about the latest Indonesian developments which provide excellent business prospects and investment opportunities.
